

Katholieke Universiteit Leuven
Departement of Educational Sciences

Opening for a professorship in the domain of Methods and techniques of educational research
Academic year 2007-2008

The Department of Educational Sciences of the Katholieke Universiteit Leuven has an opening for a full position in the domain of methods and techniques of educational research.

We are seeking to appoint a person with an outstanding research record and excellent teaching skills. The applicant is expected to contribute to research on methodology, educational statistics or statistics education, in close collaboration with the other members of the Centre for Methodology of Educational Research (<http://ppw.kuleuven.be/cmeh/index.htm>). The high level and international quality of the candidate's research should be evidenced by publications in international peer-reviewed journals. International research experience is highly appreciated.

The candidate will have to teach courses within the domain of methods and techniques of educational research, and supervise Master's theses and research internships of students in educational sciences. Furthermore, s/he is expected to provide methodological support to other researchers in the Department of Educational Sciences. Foreign language speakers are expected to teach in Dutch after three years.

The position requires a PhD or doctoral degree. The rank of professorship will depend on the qualifications of the applicant. The Katholieke Universiteit Leuven is an equal opportunity employer.

The procedure for applications can be found at
